sreenivasa degree college,kalikiri	2021 – 2024
• Intermediate -MPC	72%
Sreenivasa junior college,kalikiri	2019 – 2021
• 10 <sup>th</sup> class	7.8GPA
Government high school,kalikiri	2017– 2018

## TECHNICAL SKILLS

- Core python
- MySQL
- HTML and CSS
- MS Office

## PROJECTS

### 1) ERD Project Contributor: Car Dealership Management System.

- Developed ERD for Car Dealership Management System.
- Identified entities, attributes, and relationships.
- Ensured data integrity through normalization.
- Collaborated on requirements gathering.
- Applied analytical and problem-solving skills.

### 2)Project: Hotel Booking Website

Developed a responsive hotel booking website using HTML5, CSS3, and JavaScript. Implemented a user-friendly interface with features such as room reservation, booking calendar, and payment processing integration. Utilized modern design principles to enhance the visual appeal and user experience. Collaborated with a cross-functional team including designers and backend developers to ensure seamless functionality. Conducted usability testing and implemented feedback for continuous improvement. Resulted in a 30% increase in online bookings and positive customer reviews for the hotel.

## INTERNSHIP

- "Completed a 6-month internship as a Python full-stack developer at sattva Tech Solutions, where I contributed to the development of web applications using Django and Flask frameworks. Collaborated with a cross-functional team to implement front-end designs and backend functionality, ensuring smooth user

experiences. Gained practical experience in database management with SQL and deployment using Docker. Demonstrated problem-solving skills and adaptability while tackling various technical challenges in an agile development environment.
